

QUESTION BREAKDOWN CHARTS

ExamView® Learning Series v11 is a collection of unique, high-quality assessment questions organized by English language arts, reading, math, science, and social studies. The Learning Series works with the ExamView® Assessment Suite to produce study guides, worksheets, and formative assessments which help educators review, re-teach, reinforce, and supplement standards-based instruction.

FEATURES

The features of Learning Series v11 include . . .

- 15,646 questions in Language Arts, Math, Reading, Science, and Social Studies
- Dynamic questions in Math, Science, and Social Studies with approximately 400,000 unique question iterations
- One-to-one alignments at the most granular level or topics to 40 states' standards, the national Common Core State Standards for English Language Arts and Mathematics, and Next Generation Science Standards
- Alignments to Core Curriculum Topics
- Alignments to Webb's Depth-of-Knowledge and Bloom's Taxonomy cognitive levels
- A mix of question types (multiple choice, bimodal, short answer, numeric response, completion, and essay). (Bimodal questions can be displayed as either multiple choice (default) or short answer.)
- A mix of computational (drill and kill) items and contextual-based items for math
- 170 reading passages associated with the reading assessment questions
- Versatile delivery options include Insight 360™, Classroom Performance System™ (CPS™) student response system, local area network, paper-pencil, Workspace™, and Mobi™
- Standards pick lists to allow an educator to align authored questions to a standard (Windows)

QUESTION BREAKDOWN CHARTS

A question breakdown chart is included in this document for each of the 40 state-aligned products, the national Common Core content, the Next Generation Science Standards content, and the Topic-Aligned product. Each question breakdown chart identifies the standards set to which the items are aligned and by subject and grade level, the number of items, the number of unique iterations, and the number of items per question type.

<i>For Complete Information About a Learning Series v11 Product, Refer to the Specified Question Breakdown Charts in This Document . . .</i>				
Learning Series v11	State	Topic-Aligned	National Common Core	Next Generation Science Standards

ABOUT TURNING TECHNOLOGIES

Turning Technologies creates leading instructional and assessment delivery and data collection solutions for learning environments. Founded in 2002, the company began with the development of response technology that was affordable, user-friendly and better documented so that users could easily grasp its benefits. Today, over 15 million response devices have been delivered to K-12 schools, universities and businesses worldwide. As the recognized leading provider of assessment delivery and data collection systems, Turning acquired eInstruction in 2013 to expand both its market share and product offerings across all industry segments. eInstruction's diversified solutions include innovative classroom instruction systems, interactive whiteboards, research-based software and professional development that facilitate significantly higher levels of collaboration, engagement and achievement across all stages of the learning process. Adding to its robust product portfolio, Turning also now offers the Triton Data Collection System, a technology-enabled testing solution that combines the front end ease of paper testing with the efficiencies of computer-based testing, rock solid reliability and security for various assessment and certification environments. Based in Youngstown, OH, information on Turning Technologies can be found at www.TurningTechnologies.com. Follow @TurningTech.

ABOUT ACADEMIC BENCHMARKS

Academic Benchmarks, the leading provider of K-12 standards, alignment tools, and integration services for the education industry, provides standards for the Learning Series.
